Australian Microscopy and Microanalysis Research Facility

RRID:SCR_011035

Type: Tool

Proper Citation

Australian Microscopy and Microanalysis Research Facility (RRID:SCR_011035)

Resource Information

URL: http://www.scienceexchange.com/facilities/australian-microscopy-microanalysis-research-facility

Proper Citation: Australian Microscopy and Microanalysis Research Facility (RRID:SCR_011035)

Description: The Australian Microscopy & Microanalysis Research Facility (AMMRF) is Australia's leading facility for the characterisation of matter on a fine scale. We specialise in instrumentation, methodologies and applications for characterising samples in the physical, biological and environmental sciences using ion and electron beams, scanned probes, X-rays as well as light and laser optics. The six AMMRF nodes are located at the host universities in Adelaide, Brisbane, Canberra, Perth and Sydney. More information is available at www.ammrf.org.au and at http://www.ammrf.org.au/techniquefinder.

Abbreviations: AMMRF

Synonyms: Australian Microscopy & Microanalysis Research Facility

Resource Type: service resource, core facility, access service resource

Funding:

Resource Name: Australian Microscopy and Microanalysis Research Facility

Resource ID: SCR_011035

Alternate IDs: SciEx 9631

Record Creation Time: 20220129T080302+0000

Record Last Update: 20250503T060241+0000

Ratings and Alerts

No rating or validation information has been found for Australian Microscopy and Microanalysis Research Facility.

No alerts have been found for Australian Microscopy and Microanalysis Research Facility.
