## Macquarie University Automatic Weather Station

RRID:SCR\_011080

Type: Tool

### Proper Citation

Macquarie University Automatic Weather Station (RRID:SCR\_011080)

### Resource Information

**URL:** <http://www.scienceexchange.com/facilities/automatic-weather-station>

**Proper Citation:** Macquarie University Automatic Weather Station (RRID:SCR\_011080)

**Description:** The Automatic Weather Station is located within the sports grounds of Macquarie University at North Ryde, Sydney, Australia. Its latitude, longitude and elevation are 33 degrees 45 minutes and 55.1 seconds South and 151 degrees 7 minutes and 3.2 seconds East and 66.8 m above mean sea level (accurate to 4.4 m). Access to both real-time and archived data is available and information is provided on what is measured and the instrumentation used. The data recorded at our weather station are archived at 1 minute intervals over the last 7 days, and at 15 minute intervals going back to April 1992.

**Abbreviations:** Macquarie Automatic Weather Station, MQ Automatic Weather Station

**Synonyms:** Macquarie University Department of Environment and Geography Automatic Weather Station

**Resource Type:** core facility, access service resource, service resource

**Funding:**

**Resource Name:** Macquarie University Automatic Weather Station

**Resource ID:** SCR\_011080

**Alternate IDs:** SciEx\_9999

**Record Creation Time:** 20220129T080302+0000

**Record Last Update:** 20250506T061126+0000
