Proper Citation: National Institute on Minority Health and Health Disparities (RRID:SCR_011441)

Description: The National Institute on Minority Health and Health Disparities (NIMHD) leads scientific research to improve minority health and eliminate health disparities. To achieve its mission, the NIMHD: * Plans, reviews, coordinates, and evaluates all minority health and health disparities research and activities of the NIH; * Conducts and supports research on health disparities; * Promotes and supports the training of a diverse research workforce; * Translates and disseminates research information; and * Fosters innovative collaborations and partnerships. The NIMHD envisions an America in which all populations will have an equal opportunity to live long, healthy and productive lives.

Abbreviations: NIMHD, NCMHD

Synonyms: National Center on Minority Health and Health Disparities, National Institute on Minority Health Health Disparities

Resource Type: government granting agency

Resource Name: National Institute on Minority Health and Health Disparities

Resource ID: SCR_011441

Alternate IDs: nlx_inv_1005095

Record Creation Time: 20220129T080304+0000

Record Last Update: 20260801T190425+0000

Ratings and Alerts

No rating or validation information has been found for National Institute on Minority Health and Health Disparities.

No alerts have been found for National Institute on Minority Health and Health Disparities.
