Description: Software for a Laboratory Information Management System (LIMS) developed to support the unpredictable workflows of Molecular biology and Protein production labs of all sizes.

Abbreviations: PiMS

Synonyms: Protein Information Management System

Resource Type: software resource

Defining Citation: [PMID:21385349](#)

Keywords: protein

Funding: BBSRC ;
CCP4 ;
Instruct

Availability: Free for academic use

Resource Name: PiMS

Resource ID: SCR_011816

Alternate IDs: OMICS_01010

Record Creation Time: 20220129T080306+0000
