Proper Citation: kruX (RRID:SCR_012076)

Description: An algorithm implemented in Matlab, Python and R that uses matrix multiplications to simultaneously calculate the Kruskal-Wallis test statistic for several millions of marker-trait combinations at once.

Resource Type: software resource

Defining Citation: [PMID:24423115](#)

Keywords: standalone software, matlab, python, r

Availability: GNU General Public License

Resource Name: kruX

Resource ID: SCR_012076

Alternate IDs: OMICS_04593

Record Creation Time: 20220129T080308+0000

Record Last Update: 20260815T182428+0000

Ratings and Alerts

No rating or validation information has been found for kruX.

No alerts have been found for kruX.
