Proper Citation: Purdue Translational Pharmacology Core Facility (RRID:SCR_012354)

Description: Purdue Translational Pharmacology (PTP) facility provides in vivo pharmacological evaluation using porcine models. The facility is situated in the Purdue University School of Veterinary Medicine complex, which provides constant care and monitoring of the animals. The PTP uses unique penning systems to automate blood sampling and maintain a humane and stress free environment for test subjects. The PTP synergizes with the Metabolite Profiling Facility in the Bindley Bioscience Center, which facilitates the pharmacological analysis of blood samples collected.

Abbreviations: PTP

Synonyms: Purdue Translational Pharmacology Facility at Bindley Bioscience Center, Purdue Translational Pharmacology Facility

Resource Type: access service resource, core facility, service resource

Keywords: animal behavior analysis, drug formulation evaluation, food ingredient monitoring, pharmacodynamics, pharmacokinetics

Resource Name: Purdue Translational Pharmacology Core Facility

Resource ID: SCR_012354

Alternate IDs: ABRF_2758, SciEx_11977

Alternate URLs: <https://coremarketplace.org/?FacilityID=2758&citation=1>

Old URLs: <http://www.scienceexchange.com/facilities/purdue-translational-pharmacology-facility-purdue>

Record Creation Time: 20220129T080309+0000

Record Last Update: 20260904T000715+0000

Ratings and Alerts

No rating or validation information has been found for Purdue Translational Pharmacology Core Facility.
