Idaho State University Molecular Research Core Facility

RRID:SCR_012598 Type: Tool

Proper Citation

Idaho State University Molecular Research Core Facility (RRID:SCR_012598)

Resource Information

URL: https://www.isu.edu/mrcf/

Proper Citation: Idaho State University Molecular Research Core Facility (RRID:SCR_012598)

Description: Core facility aides ISU investigators in the areas of molecular genetics, microbiology, developmental biology, physiology, anatomy, neurobiology, molecular evolution and systematics, phylogenetics, population genetics, bioinformatics, comparative and computational genetics, and pharmaceutical sciences. In addition the MRCF also serves the DNA sequencing and genotyping needs of an increasing number of investigators at other institutions throughout the state and the nation. Routine activities in the MRCF include automated DNA sequencing and microsatellite analysis (Genotyping), PCR, electrophoresis, and gel documentation and analysis.

Abbreviations: ISU MRCF, MRCF

Synonyms: , ISU, MRCF, Core Facility, Molecular Research, Idaho State University

Resource Type: core facility, access service resource, service resource

Keywords: Molecular Research, genotyping, sequencing, microscopy,

Funding:

Availability: Open, Available to external user

Resource Name: Idaho State University Molecular Research Core Facility

Resource ID: SCR_012598

Alternate IDs: ABRF_209, SciEx_523

Alternate URLs: https://coremarketplace.org/?FacilityID=209&citation=1, https://www.isu.edu/research/centers-and-institutes/molecular-research-core-facility/

Old URLs: http://www.scienceexchange.com/facilities/molecular-research-core-facility-isu

Record Creation Time: 20220129T080311+0000

Record Last Update: 20250506T061207+0000

Ratings and Alerts

No rating or validation information has been found for Idaho State University Molecular Research Core Facility.

No alerts have been found for Idaho State University Molecular Research Core Facility.
