# **HNDC Drug Discovery in Neurodegeneration**

RRID:SCR\_012680 Type: Tool

#### **Proper Citation**

HNDC Drug Discovery in Neurodegeneration (RRID:SCR\_012680)

### **Resource Information**

URL: http://www.neurodiscovery.harvard.edu/research/lddn\_2.html

**Proper Citation:** HNDC Drug Discovery in Neurodegeneration (RRID:SCR\_012680)

**Description:** Core facility that provides the following services: Assay design and development service. The NeuroDiscovery Center'''s Laboratory for Drug Discovery in Neurodegeneration (LDDN) was established to discover chemical agents from which we and others will develop a new generation of drugs to treat neurodegenerative diseases (including degenerative diseases of the eye and ear). To accomplish this goal, LDDN has recruited a permanent staff of industry-seasoned scientists with expertise in assay development, laboratory automation, informatics, and medicinal chemistry, to work in close collaboration with principal investigators from the academic neuroscience community. In this way, LDDN helps transform discoveries in the basic biology of neurodegeneration into opportunities for drug discovery. (While priority is given to members investigating neurodegenerative diseases and the central nervous system, we welcome inquiries from all investigators.)

#### Abbreviations: HNDC LDDN

**Synonyms:** Harvard University Drug Discovery in Neurodegeneration, Harvard NeuroDiscovery Center Drug Discovery in Neurodegeneration, Harvard NeuroDiscovery Center Laboratory for Drug Discovery in Neurodegeneration, NeuroDiscovery Center Laboratory for Drug Discovery in Neurodegeneration, Harvard NeuroDiscovery Center -Laboratory for Drug Discovery in Neurodegeneration

Resource Type: access service resource, service resource, core facility

Keywords: molecular assay

Funding:

Resource Name: HNDC Drug Discovery in Neurodegeneration

Resource ID: SCR\_012680

Alternate IDs: SciEx\_8821
