SeedGenes

RRID:SCR_013323

Type: Tool

Proper Citation

SeedGenes (RRID:SCR_013323)

Resource Information

URL: <http://www.seedgenes.org/>

Proper Citation: SeedGenes (RRID:SCR_013323)

Description: A database of genes that give a seed phenotype when disrupted by mutation. The long-term goal of this project is to establish a comprehensive dataset of essential genes. The updated project database (December, 2007) presents information on 358 genes and 605 mutants. More than 60% of these mutants have been analyzed in the Meinke laboratory (Stillwater, OK).

Synonyms: SeedGenes

Resource Type: data or information resource, database

Resource Name: SeedGenes

Resource ID: SCR_013323

Alternate IDs: nif-0000-03450

Record Creation Time: 20220129T080315+0000

Record Last Update: 20260829T183028+0000

Ratings and Alerts

No rating or validation information has been found for SeedGenes.

No alerts have been found for SeedGenes.
