Strathclyde Electrophysiology Suite

RRID:SCR_014270

Type: Tool

Proper Citation

Strathclyde Electrophysiology Suite (RRID:SCR_014270)

Resource Information

URL: http://spider.science.strath.ac.uk/sipbs/software_ses.htm

Proper Citation: Strathclyde Electrophysiology Suite (RRID:SCR_014270)

Description: A suite of programs for recording and analyzing signals from intracellular electrophysiology experiments. A list of the latest software is available from the website. The programs work with common electrophysiological laboratory interface units, including: Cambridge Electronic Design 1401 / 1401plus / Micro1401 / Power 1401; Axon Instruments Digidata 1200 or 1320/22, 1440, 1550, 1550A; Instrutech ITC16 or ITC-18; National Instruments multifunction interface cards; Biologic VP500; Tecella patch clamps; and Heka EPC-9, EPC-10.

Resource Type: data analysis software, data processing software, software application, software resource

Keywords: intracellular electrophysiology experiment, electrophysiology laboratory, electrophysiology suite, data analysis software

Availability: Source code available

Resource Name: Strathclyde Electrophysiology Suite

Resource ID: SCR_014270

License URLs:
