Proper Citation: MC Rack (RRID:SCR_014955)

Description: Commercial data acquisition and analysis software that forms a data acquisition system for measuring extracellular activities of excitable cells in vitro and in vivo. It has been developed especially for use with the data acquisition systems from Multi Channel Systems MCS, but the software can also be used with other experimental setups.

Synonyms: MC_Rack

Resource Type: data acquisition software, data analysis software, data processing software, software application, software resource

Keywords: data acquisition, data analysis, software, commercial, extracellular excitable cell, in vitro, in vivo

Availability: Commercially available

Resource Name: MC Rack

Resource ID: SCR_014955
