Proper Citation: Penn Diabetes Research Center Metabolomics Core (RRID:SCR_015122)

Description: Core which aims to develop and validate metabolomic methods and data analysis software and provide high quality routine metabolomic services. Its services include quantitation of selected water-soluble metabolites, fatty acids, and lipids, quantitation of metabolic fluxes using stable isotope tracers, and identification of novel metabolites involved in diabetes pathophysoiology.

Resource Type: resource, core facility, access service resource, service resource

Keywords: metabolomics, data analysis software
