# University of Pennsylvania Center for Molecular Therapy for Cystic Fibrosis

RRID:SCR\_015406 Type: Tool

**Proper Citation** 

University of Pennsylvania Center for Molecular Therapy for Cystic Fibrosis (RRID:SCR\_015406)

## **Resource Information**

URL: http://www.med.upenn.edu/gtp/

**Proper Citation:** University of Pennsylvania Center for Molecular Therapy for Cystic Fibrosis (RRID:SCR\_015406)

**Description:** Research center whose focus is on developing effective gene vectors derived from recombinant viruses. Much of their research is in the development of new adeno-associated virus (AAV) vectors, although some of their research involves both adenoviruses and lentiviruses.

**Resource Type:** portal, data or information resource, service resource, disease-related portal, topical portal, access service resource, resource

Keywords: cystic fibrosis molecular therapy, adenovirus, viral vector

Related Condition: Cystic Fibrosis

Funding: NIDDK P30DK047757

Availability: Available to the research community

**Resource Name:** University of Pennsylvania Center for Molecular Therapy for Cystic Fibrosis

Resource ID: SCR\_015406

#### Record Creation Time: 20220129T080325+0000

#### Record Last Update: 20250509T060117+0000

## **Ratings and Alerts**

No rating or validation information has been found for University of Pennsylvania Center for Molecular Therapy for Cystic Fibrosis .

No alerts have been found for University of Pennsylvania Center for Molecular Therapy for Cystic Fibrosis .

## Data and Source Information

Source: <u>SciCrunch Registry</u>

## **Usage and Citation Metrics**

We found 2 mentions in open access literature.

Listed below are recent publications. The full list is available at NIF.

Aoki S, et al. (2019) An open cortico-basal ganglia loop allows limbic control over motor output via the nigrothalamic pathway. eLife, 8.

Klug JR, et al. (2018) Differential inputs to striatal cholinergic and parvalbumin interneurons imply functional distinctions. eLife, 7.
