Proper Citation: Code Ocean (RRID:SCR_015532)

Description: Cloud-based executable research platform for discovering and running scientific code. Code Ocean is designed to give researchers and developers a way to share, discover and run code published in academic journals and conferences. Users can upload code and data in various programming languages and link working code in a computational environment with the associated article, with Code Ocean assigning a Digital Object Identifier (DOI) to the algorithm.

Synonyms: Code Ocean Inc

Resource Type: software resource

Keywords: cloud based platform, cloud platform, source code repository, scientific code repository

Availability: Open source, Code is available for download

Resource Name: Code Ocean

Resource ID: SCR_015532

Alternate IDs: DOI:10.17616/R38F5N, DOI:10.24433, DOI:10.25504/FAIRsharing.thskvr
