kCSD-python

RRID:SCR_015777

Type: Tool

Proper Citation

kCSD-python (RRID:SCR_015777)

Resource Information

URL: <https://github.com/Neuroinflab/kCSD-python>

Proper Citation: kCSD-python (RRID:SCR_015777)

Description: Source code for the Python implementation of the kernel Current Source Density method. The method operates in one-, two-, and three-dimensional space to perform nonparametric estimation of transmembrane current sources from local field potentials recorded from arbitrarily distributed electrodes.

Synonyms: kernel current source density method - python, kCSD inverse method, Kernel Current Source Density Method

Resource Type: source code, software resource

Defining Citation: [PMID:22091662](#)

Keywords: kernel current source density, 1d, 2d, 3d, python, local field potential, transmembrane current source

Availability: Free, Available for download

Resource Name: kCSD-python

Resource ID: SCR_015777

License: BSD 3-clause "New" or "Revised" License, Modified BSD License

License URLs: <https://github.com/Neuroinflab/kCSD-python/blob/master/LICENSE.txt>

Record Creation Time: 20220129T080327+0000

Record Last Update: 20260807T042844+0000

Ratings and Alerts

No rating or validation information has been found for kCSD-python.

No alerts have been found for kCSD-python.
