## Chemoproteomic identification and therapeutic validation of proteins of metabolic significance

RRID:SCR\_015847

Type: Tool

### Proper Citation

Chemoproteomic identification and therapeutic validation of proteins of metabolic significance (RRID:SCR\_015847)

### Resource Information

**URL:** <http://rc2resource.scripps.edu>

**Proper Citation:** Chemoproteomic identification and therapeutic validation of proteins of metabolic significance (RRID:SCR\_015847)

**Description:** Database portal for a project that aims to discover and characterize new molecular pathways that can be targeted pharmacologically to revert obesity-linked adipocyte defects that drive systemic insulin resistance and type 2 diabetes. It works to identify in tandem physiologically-relevant proteins and chemical tools in order to expedite their functional annotation and therapeutic validation.

**Resource Type:** data or information resource, portal, database, project portal

**Keywords:** diabetes, type II diabetes, compound, genetic model, metabolic disease, molecular pathway, obesity, adipocyte, insulin resistance

**Related Condition:** obesity, Diabetes, Type II Diabetes

**Funding:** NIDDK DK099810;  
NIDDK DK114785

**Availability:** Freely available, Public

**Resource Name:** Chemoproteomic identification and therapeutic validation of proteins of metabolic significance

**Resource ID:** SCR\_015847

**Record Creation Time:** 20220129T080327+0000

**Record Last Update:** 20250407T220247+0000

---

## Ratings and Alerts

No rating or validation information has been found for Chemoproteomic identification and therapeutic validation of proteins of metabolic significance.

No alerts have been found for Chemoproteomic identification and therapeutic validation of proteins of metabolic significance.
