Short Read Sequence Typing for Bacterial Pathogens

RRID:SCR_015870

Type: Tool

Proper Citation

Short Read Sequence Typing for Bacterial Pathogens (RRID:SCR_015870)

Resource Information

URL: <https://github.com/katholt/srst2>

Proper Citation: Short Read Sequence Typing for Bacterial Pathogens (RRID:SCR_015870)

Description: Software that is designed to take Illumina sequence data, a MLST database and/or a database of gene sequences (e.g. resistance genes, virulence genes, etc) and report the presence of STs and/or reference genes.

Abbreviations: SRST2

Synonyms: SRST2: Short Read Sequence Typing for Bacterial Pathogens, Short Read Sequence Typing v2

Resource Type: data analysis software, data processing software, sequence analysis software, software application, software resource, source code

Defining Citation: [PMID:25422674](#)

Keywords: genotype analysis, illumina sequence data, mlst database, gene sequence, st, reference gene, short read

Related Condition: infectious disease

Funding: NHMRC of Australia 1043830;
NHMRC of Australia 1061409;
NHMRC of Australia 1061435;
Victorian Life Sciences Computation Initiative (VLSCI) VR0082

Availability: Free, Available for download

Resource Name: Short Read Sequence Typing for Bacterial Pathogens

Resource ID: SCR_015870

Alternate IDs: OMICS_12777

Alternate URLs: <http://katholt.github.io/srst2/>, <https://sources.debian.org/src/srst2/>

Old URLs: <http://srst.sourceforge.net/>
