TreeDyn

RRID:SCR_015946

Type: Tool

Proper Citation

TreeDyn (RRID:SCR_015946)

Resource Information

URL: <http://www.treedyn.org/>

Proper Citation: TreeDyn (RRID:SCR_015946)

Description: Visualization software that links unique leaf labels to lists of variables/values pairs of annotations (meta-information), independently of the tree topologies, remaining fully compatible with the basic newick format. These relationships are used by dynamic graphics operators, information visualization methods like Projection, Localization, Labelization, Reflection allowing an interaction from annotations to trees, from trees to annotations and from trees to trees through annotations., THIS RESOURCE IS NO LONGER IN SERVICE. Documented on September 16,2025.

Resource Type: data processing software, data visualization software, software application, software resource

Keywords: tree, variable, annotation, metainfo, newick, topology, graphic, operator, projection, localization, reflection, leaf, label, bio.tools

Availability: THIS RESOURCE IS NO LONGER IN SERVICE

Resource Name: TreeDyn

Resource ID: SCR_015946

Alternate IDs: biotools:treedyn

Alternate URLs: <https://bio.tools/treedyn>

License: OSI Certified Open Source, GPL

Record Creation Time: 20220129T080328+0000

Record Last Update: 20260905T132801+0000

Ratings and Alerts

No rating or validation information has been found for TreeDyn.

No alerts have been found for TreeDyn.
