Proper Citation: Umap (RRID:SCR_018217)

Description: Software package as dimension reduction technique that can be used for visualization similar to t-SNE, but also for general non-linear dimension reduction. Used for dimensionality reduction for visualizing single-cell data.

Abbreviations: UMAP

Synonyms: Uniform Manifold Approximation and Projection

Resource Type: data processing software, data visualization software, software application, software resource, software toolkit

Keywords: Dimension reduction technique, data visualization, singel cell data

Availability: Free, Available for download, Freely available

Resource Name: Umap

Resource ID: SCR_018217
