Boise State University Biomolecular Research Center Core Facility

RRID:SCR_019174

Type: Tool

Proper Citation

Boise State University Biomolecular Research Center Core Facility (RRID:SCR_019174)

Resource Information

URL: <https://www.boisestate.edu/brc/home/>

Proper Citation: Boise State University Biomolecular Research Center Core Facility (RRID:SCR_019174)

Description: Designed to provide supportive environment for interdisciplinary research and education with opportunities for students and faculty members alike with focus on biomolecules study with emphasis on proteins and protein interactions. Provides instrumentation and facilities for characterization of biomolecules and their role in variety of biomedical and environmental processes. Partnerships between Center and Idaho-BRIN/INBRE, UI, ISU, Boise VA Medical Center, College of Idaho, and Northwest Nazarene University. BRC provides seminars, training workshops, and other networking opportunities.

Abbreviations: BRC

Synonyms: The Biomolecular Research Center

Resource Type: access service resource, core facility, service resource

Defining Citation: [PMID:34121933](#)

Keywords: USEDit, protein study, protein interactions, biomolecule, biomedical and environmental processes, ABRF, ABRF

Funding: NSF 0619793;
NSF 0923535

Resource Name: Boise State University Biomolecular Research Center Core Facility

Resource ID: SCR_019174

Alternate IDs: ABRF_664

Alternate URLs: <https://coremarketplace.org/?FacilityID=664>

Record Creation Time: 20220129T080343+0000

Record Last Update: 20260821T194143+0000

Ratings and Alerts

No rating or validation information has been found for Boise State University Biomolecular Research Center Core Facility.

No alerts have been found for Boise State University Biomolecular Research Center Core Facility.
