Stanford Graduate School of Business Data, Analytics, and Research Computing Core Facility

RRID:SCR_022938
Type: Tool

Proper Citation

Stanford Graduate School of Business Data, Analytics, and Research Computing Core Facility (RRID:SCR_022938)

Resource Information

URL: https://darc.stanford.edu

Proper Citation: Stanford Graduate School of Business Data, Analytics, and Research Computing Core Facility (RRID:SCR_022938)

Description: DARC facility engages directly with faculty members, preparing large scale datasets, assisting with data analysis, and consulting on research design. Provides expertise on machine learning, text processing, and cloud services. DARC team also supports Yen compute environment, linux cluster designed for data intensive workloads in business research.

Abbreviations: DARC, GSB DARC

Synonyms: Analytics, Stanford Graduate School of Business Data, and Research Computing

Resource Type: access service resource, core facility, service resource

Keywords: ABRF, USEDit, preparing large scale datasets, assisting with data analysis, consulting on research design, Yen compute environment support

Funding:

Availability: Restricted

Resource Name: Stanford Graduate School of Business Data, Analytics, and Research Computing Core Facility

Resource ID: SCR_022938

Alternate IDs: ABRF_1623

Alternate URLs: https://coremarketplace.org/?FacilityID=1623&citation=1

Record Creation Time: 20221102T050157+0000

Record Last Update: 20250412T060521+0000

Ratings and Alerts

No rating or validation information has been found for Stanford Graduate School of Business Data, Analytics, and Research Computing Core Facility.

No alerts have been found for Stanford Graduate School of Business Data, Analytics, and Research Computing Core Facility.
