Proper Citation: ataqv (RRID:SCR_023112)

Description: Software package for QC and visualization of ATAC-seq results. Used to examine aligned reads and report basic metrics, including reads mapped in proper pairs, optical or PCR duplicates, reads mapping to autosomal or mitochondrial references, ratio of short to mononucleosomal fragment counts, mapping quality, various kinds of problematic alignments.

Resource Type: software resource, software toolkit

Defining Citation: [PMID:32213349](#)

Keywords: QC of ATAC-seq results, visualization of ATAC-seq results, examine aligned reads, mapping quality,

Funding: American Diabetes Association Pathway to Stop Diabetes ;
NHGRI T32 HG00040;
NIDDK R01 DK-117960;
NIDDK T32 DK101357;
University of Michigan Rackham Predoctoral Fellowship

Availability: Free, Available for download, Freely available

Resource Name: ataqv

Resource ID: SCR_023112
