ASTRAL-Pro

RRID:SCR_024520

Type: Tool

Proper Citation

ASTRAL-Pro (RRID:SCR_024520)

Resource Information

URL: <https://github.com/chaoszhang/A-pro>

Proper Citation: ASTRAL-Pro (RRID:SCR_024520)

Description: Software tool for species tree reconstruction from multi-copy gene family trees. Used for estimating unrooted species tree given set of unrooted gene trees and is statistically consistent under the multi-species coalescent model. ASTRAL-pro extends ASTRAL to allow multi-copy genes. ASTRAL-Pro 2, ultrafast and memory efficient version of ASTRAL-Pro that adopts placement based optimization algorithm for significantly better scalability without sacrificing accuracy.

Synonyms: ASTRAL for PaRalog and Orthologs, ASTRAL-Pro 2

Resource Type: simulation software, software resource, software application

Defining Citation: [PMID:32886770](#)

Keywords: species tree reconstruction, reconstruction from multi-copy gene family trees

Availability: Free, Available for download, Freely available

Resource Name: ASTRAL-Pro

Resource ID: SCR_024520

Record Creation Time: 20231002T161337+0000

Record Last Update: 20260812T044447+0000

Ratings and Alerts

No rating or validation information has been found for ASTRAL-Pro.

No alerts have been found for ASTRAL-Pro.
